The following questions are offered to guide your assessment of the presentation.

1.1 Presentation Style

Demonstrated preparedness for the presentation (organised)	YES / NO
Effective use of visual communication medium (Slides, PowerPoint presentation, whiteboard, physical artefacts created clearly & used effectively)	YES / NO
Effective use of oral communication (appropriate language; clear voice projection, eye-contact with the audience; engaging approach to communication – ‘talking with’ rather than ‘reading to’)	YES / NO
Effective time management (appropriate quantity of material covered; pace is good and consistent throughout; met timeframe for presentation well)	YES / NO

1.2 Presentation Content

A clear, logical structure to this talk – makes the piece easy to follow	YES / NO
Context clearly described	YES / NO
Relevant DSPC or related theory clearly described	YES / NO
Content accessible to a technically literate audience (not experts in the field)	YES / NO

1.3 Overall Performance

Bearing in mind the YES/ NO prompts, how would you grade your overall 'feel' for the presentation?

No idea what the student(s) was on about. No indication that the student(s) knows either. **FAIL**

Vague idea about the project. Evidence of some effort. Poor presentation style & content choice. **PASS**

Evidence of organised effort. An obvious structure with some contextual background. No glaring flaws but perhaps some gaps. Uninspiring but adequate presentation. **CREDIT**

Largely enjoyable. Structured ideas; well supported by visual aids. Clear, confident speaker. Clear motivation/ context for project. Demonstrated solid understanding of work. **DISTINCTION**

An absolute pleasure! **HIGH DISTINCTION**
